

## GMC SIERRA REAR MUD GUARD - INSTALLATION INSTRUCTIONS

*Please read instructions thoroughly before installation.*

### Tools Required

- TX 15 Torx wrench

### Package Contents

- Driver & passenger side rear mud guards
- Small Spring Clip (Qty 2)
- Instruction sheet

### MUD GUARD INSTALLATION

**NOTE:** Turn the front wheels left or right to allow clearance for mud guard installation. It may also be necessary to remove the wheels before mud guard installation.

1. Remove the existing fasteners from locations A and B. Do not discard.
2. Attach the mud guard with existing fasteners at locations A and B.
3. Install the small spring clip between the indicator marks located at the top of the mud guard. See figure 1.
4. Check mud guard fit and alignment before final tightening.
